Our School District/Institution/Organization requests participation in STEM Forward from July 1, 2021 to June 30, 2022.

STEM Forward is a regional collaboration of stakeholders in the education pipeline that explore the transdisciplinary approach to learning where academic concepts are coupled with authentic real-world lessons and relevant engaging hands on experiences, as students apply science, technology, engineering, and math in contexts that make connections between school, community, work, and the global enterprise. STEM Forward does this through:

- Professional development supports for K-12 educators to expand teaching strategies and resources while stimulating a mindset of exploration for students.
- Workforce development structures for STEM career or college pathway alignment for learners, educators, and employers in our region.

Participating school districts, institutions, and stakeholders will experience these benefits:

- Complimentary STEM Innovation Presentations for professional development for the primary representative on the advisory board and invited guests
- Two Educator Forums for professional development with free attendance for all interested staff within participating organizations
- Annual complimentary Outstanding Educator Award, program, and dinner
- Additional discounts may be offered on registration fees for SSC professional development opportunities related to STEM that are not coordinated through STEM Forward
- STEM workforce development initiatives
- Priority access to community partnerships, collaborative resources, and grant opportunities
- Notification of statewide STEM events
- Streamlined coordination and promotional efficiencies provided by SSC
- Additional value added benefits will be offered based on evolving needs

Obligations: The district commits to the following responsibilities and costs:

- **Cost per year.** The participant commits to pay \$1650.00 for 2021/2022 year. New members joining after July 1 will be billed a prorated fee based on the date this agreement is executed.
